S.S. RANCHI HITS ROCK Due Hong Kong On Tuesday For Repairs SHANGHAI MISHAP

With one propeller gone, and leaking badly up her propeller shaft, the P. & O. liner Ranchi limped into Shanghai late on October 20, nine hours overdue as the result of striking a rock when she was passing Button Island, in the mouth of the Yangtze.

It was learned last night that the Ranchi has cancelled her sailing to Japan from that port and will be due in Hong Kong on Tuesday when she will enter the Kowloon Dockyards for extensive repairs. It is expected that the vessel will leave here for England on November 23.

According to the "North China Daily News," when the accident occurred the impact could be heard all over the ship, which came to a standstill with one propeller gone. Water began leaking in from the afterpeak, mainly up the propeller shaft, and into the afterhold. The pumps were set to work, and on her opposite rudder, she slowly and almost painfully made her way into port at Shanghai.

The full extent of her damage were not made public by officials of the company at Shanghai who have already sent divers down to make a preliminary examination, but it is stated that the hull was not damaged.

Through passengers on the Ranchi found themselves in an unfortunate position when they arrived at Shanghai and had to transfer themselves to another ship to reach their destination. It was understood, however, that they would be able to arrive in Kobe some time on October 24.

BRITISH TRADERS AT DISADVANTAGE

Provision For Fast Transport

London, Oct. 24.—British traders will have to meet competition of American goods carried by fast ships to China and everything possible must be done to remove the disadvantage from which Britain suffers, said Mr. W. M. Kirkpatrick, recently appointed to represent the Export Credits Department in China.

Interviewed by the Daily Mail following an article by Lord Rothermere, cabled from Hong Kong, stressing the urgent need of Government aid for British trade and shipping in the Far East, Mr. Kirkpatrick added that provision for fast transport of passengers and goods is one of the problems he proposes to specially study.

Mr. Kirkpatrick is travelling to China at the beginning of December and in the meantime he is consulting shipping and trading interests.

Motoring Fatality PROMINENT BUSINESS MAN KILLED

Mr. Odd Bruusgaard, manager of the well-known firm of Messrs. Thorsen and Company, was killed on Saturday afternoon, when, returning home from the office in his Vauxhall motor car No. 746, he collided with a motor lorry at a slight bend on Mount Davis Road. The accident occurred shortly after 1.30 p.m. and Mr. Bruusgaard was immediately rushed to the Government Civil Hospital where he died of his injuries within an hour.

It was learned that Mr. Bruusgaard was driving at a high speed towards Felix Villas when he rounded the bend, a right-hand one, when motor lorry No. 3287, driven by Ho Tin at the time, was proceeding from Kennedy Town to the Queen Mary Hospital and was coming up from Mount Davis Road. What actually happened could not actually be ascertained but from meagre information it is believed that Mr. Bruusgaard lost control of his car and ran headon into the oncoming vehicle.

Social Notes Polo: Cocktails: Races

BY
ANNETTE

The winter season of Hong Kong definitely seems to have started with one long round of gaiety and an exceptionally bright Christmas is predicted.

Nearly everybody has returned from their holidays by now, except a few of the Navy who will shortly be here.

AT THE POLO

Thursday afternoon was spent in a pleasant way, watching the trials of the Polo Club from the top of the clubhouse. Before the game the Stantons were at home to everybody. Mrs. Stanton was at the top of the steps greeting all her guests and looking so very well after her long holiday. The weather was perfect, as it always seems to be now, and it was a very pleasant way to spend the afternoon in such ideal surroundings.

Captain and Mrs. Coltart were there with the Fullers. Clough Taylor and Heather Gerrard, who is very shortly going off to India for a visit.

The Royal Welch Fusiliers' turned up in force, but, alas, to see their side beaten.

Chinese Leader Assassinated

SENSATION AT CUSTOMS JETTY

GEN. YANG YUAN TAI

Hankow, Oct. 25.

General Yang Yuan-tai, Chairman of the Hupeh Provincial Government, died at 3.37 this afternoon shortly after receiving three bullets from a youthful assassin at the local Customs jetty.

General Yang accompanied by Mrs. Yang and a servant, was intending to catch the ferry to cross the river for Wuchang. As soon as he reached the jetty and was about to descend, he was shot and fatally injured. He succumbed to his injuries immediately after he was sent to the hospital by his wife. His body was then removed to the local Bankers' Association at 4.15 p.m.

The assassin who was arrested at the scene, was taken into custody and gave his name as Chen Hsien-chao.

THE PHILIPPINE CLIPPER

This photograph was taken just after the Philippine Clipper had gracefully come to rest after her very memorable inaugural trip to Hong Kong.

"And NOW — I'm strong and healthy again!"

"Some time ago I was always feeling tired. I grew very weak and got no pleasure out of life. Then a friend advised me to take Sanatogen and — look at me now! I am fit and vigorous again and feel thoroughly happy."

That world-famous Medical Paper, "The Lancet," writes about the strengthening influence of Sanatogen:

"There is abundant evidence of the value of Sanatogen as a restorative and food, and more particularly in cases of general debility."

When you do not feel so well, start taking Sanatogen. Every chemist sells it and Sanatogen will soon make you thoroughly strong and healthy again, full of youthful vitality.

BRITAIN'S APPEAL

Strives To Stop War Spreading

London, Oct. 23.
A communique issued by the Non-Intervention Committee states that at the outset of the meeting to-day Lord Plymouth, the President, reminded the delegates that the chief concern of the British Government, in consenting to the establishment of the London committee, had been to prevent the Spanish civil war spreading beyond the Spanish frontiers. It was the purpose of the British Government to secure a measure of co-operation between the powers in what threatened to become a dangerous international situation.

Lord Plymouth appealed to the Committee to fulfil the difficult task confronting it by examining all the information submitted to it in an impartial spirit.

The President then read the Russian letter, charging violations of the neutrality agreement on the part of Portugal, Germany and Italy.

The Portuguese immediately and most emphatically repudiated the Soviet allegations and stated they were baseless, as would be seen where the Portuguese reply was received.

The Committee agreed that the Soviet's letter should be referred to a sub-committee when the Soviet representative would be asked to elucidate certain aspects of the Moscow statement.

In the course of the discussion, Lord Plymouth expressed the view that the German reply to the Spanish charges was satisfactory, except on two points. In these matters he asked the German Government for further elucidation.

The Committee agreed that the Soviet proposal that the British and French fleets control Portuguese ports could not be considered until the Portuguese reply to the Russian charges was received. The Portuguese representative said that he could not consent to discussion of this subject.

The committee agreed that the sub-committee should meet tomorrow morning to review the situation and consider whether and in what respects the non-intervention pact could be made more effective.

The Russian representative declared he was willing to reply to the Italian and German allegations forthwith, but the committee ruled that a reply should first be submitted in writing.

It was agreed that the next meeting of the Main Committee should be held on October 23.—
Reuter.

NON-INTERVENTION IN SPAIN

London, Oct. 24.

A meeting of the Chairman's Sub-Committee of International Committee for application of the agreement regarding non-intervention in Spain was held in London to-day. According to a communique issued after yesterday's five hour meeting of the main Committee the Sub-Committee was to have before it various notes from the powers asserting or rebutting the charges of infractions of the agreement as well as a note in which the Russian Government reserved its attitude in relation to continued alleged violation of the agreement. On this note the Russian Ambassador was to be asked to give certain elucidations. For the general purpose of the meeting, however, it was described as a review of the general working of the Committee and "to consider whether and if so in what respects the non-intervention agreement could be made more effective". It has not been customary in the past for statements to be issued after meetings of the Chairman's Sub-Committee. The full Committee meets again next Wednesday.—

ABLE SEAMAN COURT-MARTIALED

London, Oct. 23.

The Admiralty states that the Commander-in-Chief of the Atlantic Fleet has reported that as a result of investigations into the discipline on H.M.S. Guardian on October 1, one able-bodied seaman has been court-martialled, whilst eleven others involved less seriously, some of them younger ratings, have been dealt with by a caution.

The incident, which only lasted a few minutes, consisted of reluctance and short delay in falling in. The normal routine of the ship was not affected.—
Reuter.

GERMAN NOTE

Charges By Madrid Denied

London, Oct. 24.

The German note to the Non-Intervention Committee was read aloud in the session on Friday. The note most emphatically repudiates all charges levelled against the German Government by the Madrid Government. The note begins with the expression of the German Government's astonishment that such unsubstantiated charges as those of the Madrid Government, should receive the attention of the International Non-Intervention Committee at all. It then states some facts, which show that the material submitted by the Madrid Government is without foundation.

The Spanish Note, it is pointed out by the German reply, quotes the case in which the German aeroplane "JU 52" was involved, when she landed in Spanish territory.

The accompanying evidence shows that it was forced down in an emergency landing in Bajadoz, and was illegally detained. A picture accompanying the Spanish document depicts the plane with the Swastika removed.

In reality, so the German Note claims, the photograph shows the plane surrounded with the Red Militia at the airport, busily engaged in removing the Swastika with red paint.

NEW FOUR YEAR PLAN

Germany's Gigantic Undertaking

Berlin, Oct. 23.

Without losing a great deal of time in getting to grips with the actual problems involved in the gigantic national undertaking entrusted to his charge by the Fuehrer, the Prussian Premier, General Goering on Friday night issued his first decrees initiating a plan of action for the execution of the new Four Year Plan whereby the German nation is to be rendered as independent of foreign supplies of industrial raw materials as German science, and engineering can achieve with such resources as are at the nation's command.

Practical work will begin at once. How these general principles will be applied in practice in each specific department of activity will be explained by General Goering over the radio all German Stations soon. The decree issued on Friday states:

The greatest possible use will be made of all existing official bodies, whose responsibility will remain unimpaired. New offices will be created only where they are unavoidably necessary. All persons and organisations of party and state concerned in the execution of the Four Year Plan are subject to my instructions.

In the second part of the decree, Goering states that when decisions of fundamental importance are to be taken, he will avail himself of a Council composed of the Ministers within whose competence falls the matter under discussion. Dr. Lammers, Chief of the Reich's Chancellery and Dr. Keppeler, general expert for the building up of German rawstuffs, are members of this Ministerial Council. Moreover the Premier's personal representative in all current business events, Secretary of State Koerner and the Chiefs of the departmental groups of the Four Year Plan will also attend such deliberations.

In the third section of the decree, the made of organisation, whereby tasks will be allotted, and the manners by which they are to be accomplished, are regulated. Among the more interesting parts of the decree is the part showing the subdivisions of the whole plan, namely:

Production of German rawstuffs; distribution of the rawstuffs; utilisation of labour resources;

The agricultural production as far as it touches the Four Year Plan, price regulation; foreign currency matters.

Dr. Keppeler also becomes Goering's personal adviser in all technical questions connected with the plan, and it is especially important and responsible duty of his to organise the geophysical research of soil in Germany.

The financial questions of the plan will be settled in co-operation with the Reichs Ministers of Finance and Economics. Price control is put into the hands of Provincial Governor and Regional Leader, Wagner.—

LORD SWINTON DEFENDED

Sir T. Inskip Answers
Criticism

London, Oct. 23.

Sir Thomas Inskip, in a speech at Hayling Island to-night, said he regretted the unfortunate difference of opinion between Lord Swinton of the Air Ministry and Lord Nuffield, the famous motor and

zero engine manufacturer. He was referring to the attack made by Lord Nuffield yesterday when he said that political elements in the Air Ministry obstructed the work of organisation.

Sir Thomas emphasised that Lord Swinton had left nothing undone in the way of enterprise and research, nor had he failed to utilise the resources of the aircraft manufacturers of the country.

It was hoped, he said, that part of the aircraft building programme

would be carried out by Lord Nuffield's organisations.

It was difficult for him to see, said Sir Thomas, an end to the services which the Morris organisation was in a position to render to the nation. He ventured to prophesy that it might in the end prove advantageous to the Government to have the capacity represented by Lord Nuffield's aero engine works available for the execution of another part of the Government's programme in the near future.—

MUNICIPAL

ELECTIONS NOMINATIONS

London, Oct. 23.

Nominations took place yesterday for the Municipal elections on November 2 all over England. A third of the seats on Councils have to be filled. The Labour Party is especially on the defensive in the forthcoming elections, since it was three years ago it had its principal successes at the local polls gaining more than 200 seats.

DESTINY OF EUROPE

London, Oct. 23.

The eagerly awaited session of the International Non-Intervention Committee, so fraught with momentous dangers for the destiny of Europe, began at 5.15 p.m. on Friday. The representatives of all 27 members, including Portugal, were present.

At the time of the session's opening the Portuguese answer to Moscow's charges was not yet received, while Italy's answer was only received late on Friday, so that a discussion thereof had to be struck from the agenda at the last moment.

Soviet Russia was represented by Ambassador Maisky, and almost the entire staff of the London Soviet Embassy. On entering the Foreign Office, Maisky refused to make any statement to press representatives.

Germany was represented by the Charge d'Affaires, Prince Bismarck. Mr. Anthony Eden was not present. The only point on the agenda was the consideration of the German answer.

GENEVA ALARM

Geneva, Oct. 23.

League of Nations circles consider that Russia is taking the gravest step in threatening to break up the Spanish Non-Intervention Agreement. Alarm is expressed on every hand at the possibilities of the situation.

It is expected that Russia will ask for a meeting of the League Council in the hope of achieving more under the Covenant than has been accomplished at London.

"FURY"

Sylvia Sydney and Spencer Tracy are the brilliant co-stars of "Fury," the Metro-Goldwyn-Mayer picture now showing at the Majestic Theatre.

And in this powerful screen play, directed by Fritz Lang, they give performances that will linger long in your memory!

The narrative, based on an original story by Norman Krassna, has to do with the tragic circumstances that separate two young lovers on the eve of their marriage. Tracy, as the man, is arrested as a kidnap suspect and apparently burned to death by a furious mob that storms and fires the prison, in which he is held.

His life wrecked, and his mind twisted by the horror he has been

through, he goes into hiding and contrives to have twenty-two of the mobsters convicted of his murder!

As a hard-hitting indictment of a national shame, "Fury" stands out as one of the fine pictures of the year, for its power lies in its altogether objective approach to the subject of mass lawlessness.

In addition to its social value, however, it is tremendous screen fare, acted with unusual skill by the co-stars and a cast that includes such sterling performers as Walter Abel, Bruce Cabot, Edward Ellis, Walter Brennan, George Walcott, Frank Albertson and many others.

See "Fury" if you want drama that "gets" you! It is a grand treat in the acting, photographic, directing and story departments—

THE NEW ADVENTURES OF TARZAN

"The New Adventures of Tarzan," which opens at the King's Theatre to-day, brings new and thrilling trails in bringing to the screen further exploits of this world famous action character created by Edgar Rice Burroughs.

Unlike its predecessors this new "Tarzan" took the audience on a thrill adventure into the wilds of Guatemala, where the story is laid. Here against a mysterious and fascinating background of scenic grandeur, colourful fiestas, native music and strange rites, the "Tarzan," Herman Brix, superb athlete, battled to death with a ferocious lion, subdued a wild bull, rescued the heroine from hordes of savage Indians and performed other Herculean feats of amazing strength and courage.

The story starts with Tarzan boarding the S. S. Wanal to help a friend, where he accidentally meets Major Martling, an archaeologist leading an expedition to the Guatemalan jungles in the hope of locating the famous Green Goddess—a priceless gem. Tarzan joins the expedition and immediately the party is beset with perils that keep the action and suspense at a high pitch.

There are thrills enough to satisfy the most blasé, and youngsters and oldsters alike are in for a real entertainment treat when they see this new "Tarzan" film.

"DANCING PIRATE"

Wide acclaim has been aroused by the brilliant technicolor ensembles in Pioneer Pictures' new full colour technicolor romantic comedy, "Dancing Pirate" now showing at the Queen's and Alhambra Theatres.

The numbers were created and directed by Russell Lewis, a former internationally known concert dancer, and were designed in colour by Robert Edmond Jones.

A gay, romantic and venturesome comedy "Dancing Pirate" is the tale of a Boston dancing master, who, shanghaied aboard a merchant ship and later captured by pirates, finds himself in old Spanish California condemned to die as a buccaner. His death postponed so that he may teach the Alcalde's daughter to waltz, he wins his way to love by conquering an entire army of marauding soldiers.

Charles Collins has the title role, co-featured with Frank Morgan, Steffi Duna, Luis Alberni, Victor Varconi and Jack La Rue also have principal roles. Lloyd Corrigan directed.

A personal triumph for Fritz Lang, who sends it forth as his first American picture.

"QUEENIE" Queenie and her troupe of talented artists—the Kaili's Hawaiian Troubadours, will occupy the stage at all performances.

In addition to Queenie and her troupe, there will be Nina and Jose, two superb Mexican dancers.

As is generally known, Queenie and her versatile troupe have had a long engagement at one of the most popular rendezvous in the Colony, and have always played to packed houses.

RARE PICTURES DISCOVERY

Secret Revealed By Art "Doctor"

A remarkable discovery of hitherto unknown drawings by John Sell Cotman has been made by Mr. Kennedy North, while treating pictures in the unrivalled collection by members of the Norwich School of Art, now in the possession of Mr. Russell J. Colman, Lord-Lieutenant of Norfolk, writes the "Morning Post" Art Critic.

In his work of conservation Mr. North found it necessary to remove some of Cotman's water-colour drawing from whatever paper or boards they had been fastened to.

During the process of separation Mr. North found that Cotman had pasted finished drawings on to others of rare beauty.

These have been retrieved and added to the collection, and all the work has been carried out under controlled atmospheric conditions, and drawings and mounting material are now sterilised.

Moreover, glass of the purest description has been chosen, and the frames are made of teak because of its insect, damp, and fire resisting properties (writes our Art Critic). Any paste necessary was made of a new sterile adhesive produced by Dr. Corran in the laboratories of Messrs. J. and J. Colman, of Norwich.

The drawings are as near as possible to their original quality, in some cases fading colour having been revived and a lead pencil drawing by Crome marvellously reinforced. These surprising achievements are a complete justification of Mr. Colman's courage in submitting his treasures to a dangerous test, and a further proof of Mr. Kennedy North's scientific and artistic skill.

"FUNGUS" DISEASE Mr. Colman's collection was begun by his father, and the first important addition by himself was the purchase of part of the excellent water-colour drawings which belonged to James Reeve, a former Curator of Norwich Museum, which position is now ably filled by Mr. F. Lennie.

The gems of the collection are generally considered to be the water-colour drawings by Cotman and Old Crome, and there was much concern when it became known two years ago that a few of their finest works were suffering "in one way or another from fungus, iron mould or mildew."

Conservation of them was imperative and on the advice of Mr. Percy Moore Turner, through whom some of the best examples had been obtained, Mr. Colman sent for Mr. Kennedy North, whose successful activities in the preservation of pictures have won for him a non-academic degree of "doctor of art."

Examination revealed that one of the chief causes of the "physical breakdown" was the mounting "with glue, pastes and other substances, which form ideal culture grounds for infection of noxious growths." The cure involving the invention of a mounting board made of the most stable materials has now been completed with the happy result recorded.

GOLF CADDIE IN COURT

Sequel To Golfers' Loss

Keung Sing Ngau, 17, golf caddie, appeared before Mr. K. Keen at the Central Magistracy on Saturday charged with the larceny of a platinum and gold wrist watch and a gold finger ring, the property of Mr. A. Pinet of the Far East Oxygen and Acetylene Company. Sub-Inspector Dredge told the Court that on October 22 the complainant and his wife were playing golf at the Deep Water Bay Golf Club. At the fourth hole Mrs. Pinet took off her sweater and in doing so the articles in question fell out of a pocket. The loss was not discovered until later and immediately all caddies and employees of the Golf Club were informed of the incident. A search was made for the missing articles but they could not be found.

The next day complainant was playing at the Happy Valley course when one of the caddies there came up and told that he had seen one of the Deep Water Bay caddies with the wrist watch and ring. When defendant was questioned regarding the articles later in the day he led Mr. Pinet to the club cook who admitted he had the wrist watch and ring in his possession.

Both the accused and his confederate were ordered to be remanded till 11.30 a.m. on October 23.

PLUCKY SMALL BOY

Chased After Bag Snatcher

"You did very well to aid the cause of Justice," Mr. W. Schofield told a small boy at the Central Magistracy on Saturday when Chan Sing, 31, unemployed, appeared before the Magistrate on a charge of larceny of a lady's handbag containing \$9.28 in cash and a number of other articles. Sergeant Clarke prosecuted on behalf of the Police.

On October 23, Chan Chor Ching, a married woman, was walking along Queen's Road West, near On Ning Lane, when defendant snatched her handbag and made off with it. The act was witnessed by a small boy who immediately gave chase to the man. On Des Voeux Road West the boy saw a Police Watchman and drew his attention to the defendant as a result of which the man was caught.

The Police applied for a 48-hour remand which was granted.

TRIED TO PAWN ARTICLE

Unable to satisfactorily explain away the motor-car fire extinguisher found in his possession on October 23, So Sui, 32, unemployed, was sentenced to two months' imprisonment by Mr. K. Keen at the Central Magistracy on Saturday.

Sergeant J. Bentley, of the C. I. D., told the Court that at 2.45 p.m. on the day in question defendant was seen by a District Watchman trying to pawn the fire extinguisher, and, on being questioned, the accused said he had got it from a rice shop. He took the District Watchman to the shop but its people denied knowing anything about the affair or knowing defendant at all.

HEROIN PILLS

Lau Chung, 45, unemployed, of 229, Tai Nam Street, ground floor, was charged before Mr. Q. A. A. Macfadyen at the Kowloon Magistracy on Saturday for the possession of heroin.

Det.-Sgt. J. Riddell said that 1,200 pills were found in that address, which was an unoccupied heroin den.

His Worship imposed a fine of \$1,000 or four months' gaol.

ANOTHER CASE

For the possession of 77 heroin pills, Ng Sin, 38, unemployed, of 34, Shangtung Street, first floor, was brought before Mr. Macfadyen. Insp. Shannon said that the defendant was arrested on October 24 by an Indian Sergeant. A week's remand was granted.

ARMED ROBBERY RECALLED

Shanghai Man Charged

An aftermath of the daring \$1,000 armed robbery in Kowloon on September 22 was the capture on October 22 of Wong Ming Sang, 38, an odd job cooie of no fixed abode, and a native of Shanghai. There had been previous arrests but all the suspects were released from police custody.

Wong Ming Sang is charged with others not in custody with the robbery of Yu Hok Sing of \$1,000 in cash and jewellery at 229, Nathan Road about 8 a.m.

Although a hue and cry were raised at the time, the robbers decamped with the articles, and no trace has as yet been found of them.

At the Kowloon Police Court on Saturday, Det.-Sgt. Hunter asked for forty-eight hours remand in police custody, which was granted.

THEFTS AT TAIKOO

The Taikoo Dockyards were the complainant in three cases which came up before Mr. W. Schofield at the Central Magistracy on Saturday. Inspector O'Connor prosecuted on behalf of the Hong Kong Police.

Charged with the larceny of brass borings from the shipyard on October 23, Chu Lin, cooie, was ordered to six weeks' imprisonment.

For stealing a quantity of lead and brass fittings from the plumbing shop, Chu Hol, boiler maker, received sentence of six weeks' hard labour.

Fines, with the alternative of prison terms, were imposed on Wong On, 58, unemployed, for damaging a wall in the shipyard and stealing a number of bricks.

STOLE BANGLE FROM BABY

Wong Siu Shuk, 25, unemployed, appeared before Mr. W. Schofield at the Central Magistracy on Saturday charged with the larceny of a jade stone bangle from a baby on October 23. Sergeant Clarke appeared for the Police.

The Court was told that at 8.15 p.m. on the day in question Kwan So Ha, a married woman, was carrying her baby when defendant came up from behind and snatched the bangle from the wrist of her baby. The woman shouted for help and the man was promptly seized by a number of passer-bys.

Sentence of six months' imprisonment was imposed on the prisoner.

THEFT FROM CAR

On October 20, Wong Ming stole a black canvas bag in which was a tool kit belonging to Mr. H. W. Brown, engineer, residing at 227, Prince Edward Road.

Wong was charged before Mr. Q. A. A. Macfadyen at the Kowloon Magistracy on Saturday for theft, and has sentenced him to six weeks' imprisonment.

S. I. Hughes said that the complainant parked his car opposite the Alhambra Theatre, and did not discover his loss until the next day. He made a report to the police, and the tool kit was recognised at the station.

LOCAL ESTATE

Leung Li Shi, concubine, who died at No. 33 Tsui Foo Street, Wai On Road, Canton, on January 14, 1936, at the age of 44 years, left local estate which has been sworn at \$25,000.

PREFER JAPANESE

German colonial propagandists have so far put forward no claim to the Marshall and Caroline Islands, the Pacific groups which Japan seized in 1914 and now holds under mandate. A secret agreement between the two countries concerning the islands has been hinted at, but denied, states the "Evening Standard."

An American who recently visited one of the islands asked a native: "Would you prefer to have the Germans back?"

"No," replied the native. "We prefer the Japanese."

"Why?"

"Because they belong in the Orient. They understand us better."

Another said: "The Germans told us, 'Do this or go to hell!' The Japanese say, 'Are we asking anything unreasonable of you?'"

"SERIOUS OFFENCE"

Employed Children For Crime

"I am going to take a very serious view of this offence because you employed children to help you," Mr. W. Schofield said at the Central Magistracy on Saturday before he passed sentence on Li Wah, a Chinese male, whom he considered to be the principle in a case of letter stealing. Sergeant Davies prosecuted on behalf of the police.

The accused denied the charge brought against him and told the Court that his partner in crime was willing to give evidence in his favour.

"I have known the first defendant for a long time," second defendant told the Court. "On the day in question I met him going for a walk. I stole the letters. He had nothing to do with it."

Sentences of six and four months' imprisonment were imposed on the first and second defendants respectively.

BATCH OF TRAFFIC MISHAPS

A batch of traffic accidents were reported to the police over the week-end.

Ho Chun, a 5 years-old boy, of No. 208 Queen's Road, West, was removed to the Government Civil Hospital as a result of being knocked down by car, No. 4412 at 10.30 p.m. on Friday, in Queen's Road, Central.

Another victim of a traffic accident occurred when Chan Yung Hing, was knocked down by private car No. 143 in Bonham Road on Friday. He was sent to the Government Civil Hospital, where it was stated that his injuries were not serious.

On the mainland, Ma Ping Cheun, 29 years of age, received injuries which necessitated his being detained at the Kowloon Hospital when he was knocked down by lorry No. 3900 in Sai Kung Road.

Another accident concerns a youth, aged 11 years named Wan Yu Kuen, who received injuries when he attempted to alight from bus No. 183 in Ma Tau Wai Road, whilst it was still in motion. The lad was rendered unconscious.

FATAL INJURIES

Wong Chuen, a man of poor circumstances, accidentally fell down the stairs of No. 225 Queen's Road, East on Friday and received serious injuries. He was removed to the Government Civil Hospital where he succumbed the next morning. Deceased was aged 68 years.

Flybynight's Sensational Win

PAYS BIG DIVIDEND—GOOD SPORT WITNESSED

Large Cash Sweep Prize

P. P. Botelho, riding Flybynight, caused a major sensation in the last race of the Ninth Extra Race Meeting of the Hong Kong Jockey Club, at the Valley on Saturday when he won by a short head from Sylvandale to pay \$182.80 for a win. There were eighteen starters in this race and a cash sweep prize amounting to \$28,642.88 hung in the balance.

Sport on the whole was good, with some sparkling finishes but dividends were on the low side. Harvest View (S. Y. Liang) paying \$85.10 in the Connaught Handicap and Ythan (P. P. Botelho) \$40.20 in the third race were the only other substantial dividends returned. The largest place bet (\$58.50) was paid by Boolat Bay (W. H. S. Davies) in the seventh race.

There was a good attendance of spectators, the Kwangtung Handicap, which carried the cash sweep prize attracting many to the Valley.

His Excellency, Sir Andrew Caldecott and Lady Caldecott were interested spectators.

The band of the Royal Ulster Rifles by kind permission of Lt.-Col. R. M. Rodwell and officers, played pleasing selections during the afternoon.

OCTOBER HANDICAP

King's Warden was withdrawn from the race at the last moment as it was found that the pony had a nail in its shoe. The pony's name and rider were posted up on the board and then taken down. Gladiator was off to a good start and had a comfortable lead the first time past the stand. Soldier of Britain came next, with the field close behind. Soldier of Britain came up nicely at the incline, to overtake the leader and lead into the straight. H. C. Pih rode his mount hard and got her head first past the post. Gladiator was challenged strongly by Cossack's Beauty in the last few strides, but managed to gain second place.

QUEENSLAND HANDICAP

The Australian ponies came out for this race looking in fine fettle. Vixen Tor showed difficulty at the starting gate but started off well. Derby Day was early in the lead some three lengths from the rest of the field. In the straight it was still in the lead, but fell away badly. Round the bend Electron, followed by Bobniak Star and Vixen Tor came up with a burst. Electron ran well to win, with the other two fighting it out for second place. The former won with superior stamina and a burst of speed at the crucial moment.

CONNAUGHT HANDICAP

Tyne, Rousseau and High Honour went off and were early in their stride running in the order named. At the Rock Tyne was followed by High Honour with Valorous in the fifth position. Rounding the Village Bend High Honour had overtaken Tyne, with Ythan next. In the straight Valorous from the inside berth swung out and challenged Ythan strongly. Ythan won with Valorous a game second. High Honour came in next with Tyne falling in the home stretch.

PADDOCK HANDICAP

The first and only race of the day to be started from opposite the members stand. Thirteen ponies faced the starter. Gold Star (C. N. Kong) was itching "to be off" and caused the starter some worry. After twice being pulled up, Kong (who had drawn first position) was made to occupy the thirteen place from the rail. When the race did get off, Popular Star was left sadly at the post. Estover was early in the lead followed by Cassius and Old Star. Old Star was in the lead at the Village Bend, Laughing Girl being fourth. Up the home stretch Laughing Buddha (W. C. Poy) came up strongly to win by two and a half lengths. Popular Star after running wide passed Cassius 100 yards from the post to occupy the second place.

WYNDHAM HANDICAP

The first leg of the "Daily Double" saw eight starters take the field, King's Fancy being scratched from this event. Bear Claw (who won at the last meeting) came past the stand the first time round in the lead with Cyclamen Bay and Rose Queen on its trail. Black was holding his mount in, and up the incline Bear Claw still led the field. King's Lead had worked up into second position while Rose Queen faded from the picture. King's Lead was close

on Bear Claw coming into the final lap. Black stayed off challengers however, while Mistake Bay finishing strongly was only beaten into second place by King's Lead by a short head.

BALLARAT HANDICAP

Blandford, Streamline, Snowy River and Double Finesse passed the stand the first time round in this order after a good start. Up the incline at the Rock the ponies were well bunched and at the Village Bend, Centre Court led for the first time. Up the straight Black (Snowy River) lay fourth but opposite the stands he rode splendidly, sending his pony all out for the winning post. He came up from the outside to win by two lengths in a finish that drew great excitement. Centre Court was "pipped" for second place by Perfect Day.

CONNAUGHT HANDICAP (FIRST SECTION)

The second leg of the "Daily Double" saw thirteen ponies in the race of about 1 mile and 155 yards. Harvest View jumped into the lead with King's Bounty close behind and Jungle Jim next, bearing away from the rest of the field, well bunched together.

Up the Rock the rest of the field closed in on the leader, and the home stretch saw many of the jockeys using the whip with the utmost freedom. S. Y. Liang on Harvest View, rode his mount to victory followed by King's Bounty and Boolat Bay in that order. Harvest View's win was a surprise and paid \$85.10, the highest dividend up till then. It had led the whole way round the course.

KWANGTUNG HANDICAP

The big race of the day, with eighteen starters and a big cash sweep prize for the holder of the lucky ticket! Ponies kicked out at each other; there was bumping and boring as the field endeavoured to get into their allocated positions for the start. Burgomaster, drawing the rail, reared on its hind leg at the starting gate and it was not until some time that a fine start was made. Zero, The Hero, Burgomaster and Diogenes flashed past in that order from a packed start. The field was bunched at the Rock and came into the straight all well together. In an exciting finish, Peter Botelho on Flybynight nosed out Sylvandale and Seventeenth of September, for the greatest surprise win of the day. Backers obtained \$162.80 for a win!

PICNIC FOR BLIND

Enjoyable Time Spent

An enjoyable afternoon was spent at Shek-O on Saturday by 54 blind girls, who were conveyed there in 23 private cars for their annual picnic.

The girls took part in a concert held on the beach and rendered a number of popular songs, after which tea and refreshments were served.

According to Mr. A. Urquhart, the Honorary Secretary of the Home, the number of presents and other gifts received this year constitutes a record in the history of the Home. What remains of the money collected for this event will be utilised at Christmas for the purchase of useful gifts for the girls.

LOCAL WEDDING

Cole—Edwards.

A pretty wedding was solemnised at the Union Church, Kennedy Road on Saturday when Miss Jean Noble Edwards, a nursing sister at the Government Civil Hospital, became the bride of Mr. David Maxwell Cole, master of the s.s. Hong Siang. The Rev. K. Mackenzie Dow officiated.

The bride was given away by Dr. K. H. Utley and was attended by Miss Warbeck as bridesmaid. Miss Sutton, principal matron at the hospital, was the matron of honour, and appropriate music was rendered by Mr. G. E. Longyear.

A reception was subsequently held at the Hong Kong Hotel.

The forthcoming Weddings are announced between Hugh William MacPherson Dulle, mercantile assistant, No. 286, The Peak, and Therese Sander, of Gravelly, Bough Beach, Eden bridge, Kent, en route to Hong Kong aboard the s.s. Antenor; also Fung Yin Leung, clerk, No. 1 Wa On Lane, and Helen Leung, of No. 498, Nathan Road, first floor.

NOTICE TO WIRELESS OPERATORS

The following is published in the Government Gazette:—In conformity with international requirements, the Hong Kong Government Second Class (Restricted) Certificate of Proficiency in Radiotelegraphy has been modified in the Telecommunication Ordinance of 1936 and is now known as the Second Class (Far East Zone) Certificate.

All Second Class (Restricted) Certificates which have been issued will be cancelled and holders of these must therefore apply as early as possible to the Wireless Licensing Office, 1st floor, G.P.O., when their present Certificates will be exchanged for the new ones.

"PUNISHABLE SELFISHNESS"

To change your employment for better wages in Germany "punishable selfishness" to be met with "protective custody" in a concentration camp. These are the phrases in a Government warning to agricultural workers in Bavaria who have been so wicked as to go to jobs that offered higher pay.

The episode is characteristic of the tightening grip in which German labour is held. Germany, so the official reports say, has reduced her unemployment to something like the normal labour reserve.

There is an increasing shortage of skilled labour in the armaments and building industries, but the scarcity is not allowed to benefit the worker. The cost of living is going up but wages are kept down, and the restoration of the reductions of the crisis years is prevented by force. In the metal industries labour is steadily being put on what can only be called a war footing.

The German Government does not hesitate to intervene in disputes between armament workers and their employers with an order telling the men to "consider themselves as being in a state of military service." It thus deprives them of all mobility, while at the same time it puts them at the mercy of their employer, who can at any time dismiss them for "any palpable offence against the National Socialist movement and its fundamental conceptions."

Since the beginning of the year movement from one district to another has been forbidden except through the labour exchange machinery, but it was less easy to prevent movement from one firm to another within a district, and the Government's present difficulty is to prevent the enticement of exceptionally skilled men from one works to another by the offer of bonuses. Its own efforts are directed wholly against a rise in wages. Thus it is said that of 120,000 building workers employed on fortifications in the Rhineland at least 80,000 have been deliberately imported, through the labour exchanges, from low-wage districts of Central and Eastern Germany.

The discovery of the "punishable selfishness" of asking for a decent wage is not the least remarkable thing that has come out of the Third Reich.

CRAIGENGOWER PRESENTATION
Mr. And Mrs. Kharas Honoured

"AT HOME" FUNCTION

A happy function took place at the Craigengower Cricket Club yesterday afternoon when the annual "At Home" was held. The happiness, though, was tinged with a touch of sadness for the Club bade farewell to Mr. D. K. Kharas, an old and valued member, and Mrs. Kharas, who are sailing shortly for Bombay.

During the afternoon a lawn bowls match was played between the Club team and a team comprising visitors from other Colony Clubs. An American tennis tournament was also played.

At the conclusion of the sports events, the presentation of prizes took place in the pavilion when Mrs. Kharas officiated.

Mr. C. S. Rosset, acting Chairman of the C.C.C., referred to the Club's sporting achievements during the past season and remarked that the Craigengower "A" team had won the senior lawn bowls league title for the third year in succession. The tennis team had won the "D" division of the Hong Kong Lawn Tennis League. He congratulated the conveners and players of both teams.

In making the presentation of a silver tea set, bowls' jack and watch to Mr. Kharas, and a handbag to Mrs. Kharas, Mr. Rosset said, in part:—
I need not tell you how much they will be missed. Mr. "Daddy" Kharas is the oldest member of our Club. He first arrived here from Bombay about 31 years ago and for the past 28 years, since the Club's match days, he has been a constant supporter. As some of you will remember, Mr. Kharas, in his younger days, was a keen tennis player and took a prominent part in local lawn bowls.

Mr. Kharas is one of the pillars of the C.C.C. He has been Treasurer for the past twenty years and much of our growth and sound position to-day may be attributed to Mr. "Daddy" Kharas. On behalf of the Committee and members of the Club, I wish Mr. and Mrs. Kharas all happiness, long life and good health in their well earned retirement." (Applause).

Mrs. Rosset then made the presentation, after which Mr. Kharas suitably replied.

Musical honours were then accorded the departing couple.

"I should be glad if, at the Annual Re-Union and Dinner of our Hong Kong Branch, being held on Saturday, 24th instant, you will be good enough to give my greetings to all present, and say that, as President of the Royal Engineers Old Comrades Association, I wish prosperity to the Branch, and good luck to each and every member of the Association."

CHIANG KAI SHEK'S BIRTHDAY

Gift Of Ten Military Aeroplanes

Shanghai, Oct. 24.
The squadron of 10 military aeroplanes purchased for \$1,000,000 from Shanghai's contribution to Generalissimo Chiang Kai-shek's birthday fund was christened at Lungwa aerodrome this afternoon. The Mayor of Greater Shanghai, Mr. Wu Teh-chen, officiated at the ceremony. The wives of 10 prominent Shanghai residents broke bottles of champagne over the propellers of the machines, which were named the "Chung Chen" squadron, after the Generalissimo's courtesy title. The machines arrived from America early in the month and were assembled at Hangchow, from where they were flown to Shanghai this morning. The pilots thrilled the huge crowd of spectators by an exhibition of stunt flying and the Chinese city was beflagged in honour of the occasion.

THE COLONY DEPENDS ON THE SEA
SEAFARERS' SERVICE SERMON

The great debt that the public owes to seafarers, in whose hands are entrusted the safety of thousands of lives, was emphasised by the Rev. Civil Brown, Chaplain of the Missions to Seamen, when preaching at the second annual seafarers' service held in St. John's Cathedral yesterday morning. There was a full congregation present, including many seafarers and representatives of the Hong Kong Naval Volunteer Force.

During the service the red ensign and four house flags were received for safe custody in the Cathedral. The five flags were placed in position on the south side of the Nave immediately after the service without ceremony.

The flag bearers were:—Capt. W. E. Kirby (Red Ensign), Hong Kong, Canton and Macao Steamboat Company Ltd. (Mr. B. F. Bolt, chief officer of the s.s. Lungshan), China Navigation Company Ltd. (Capt. T. M. Johnstone, marine superintendent), Indo-China Steam Navigation Co. Ltd. (Capt. R. W. Bateman, marine superintendent) and Douglas Steamship Company Ltd. (Capt. E. Walker, master of the s.s. Halving).

A REAL HOME

In the course of the service, the Rev. H. W. Barnes said that they had that day received the flags in the Cathedral as emblems of the gratitude the community owed to the seafarer for the comfort and safety provided when travelling.

"May I say in conclusion that what we wish to be the outcome of this day is that this Cathedral and all houses of God should be for you a real home just as you have brought us and our predecessors from home to home and in the same way as you make for us a home in your ships when we travel," he said.

SPECIAL SERVICE

The service was of a special nature. The flag bearers were escorted to their seats by Messrs. A. Beasley and P. S. Cassidy.

The service commenced with the singing of the National Anthem followed by the hymn, "Praise my soul, the King of Heaven."

The first lesson was read by Capt. W. E. Kirby, Secretary of the China Coast Officers' Guild and the second lesson by Capt. Waller, R. N. who deputised for the Commodore, Rear-Admiral C. G. Sedgwick, R. N. who was unavoidably absent.

After the third collect, the flag bearers proceeded to the altar, escorted by Mr. J. H. R. Hance and Dr. S. S. Strahan.

FLAGS PRESENTED

In presenting the flags, each flag bearer said:—
I pray you to offer at the Altar of our Cathedral Church this flag which I now deliver into your hands for safe custody within these walls.

After the flags had been received and placed upon the altar the Chaplain-in-Charge said:—

In the Name of God we dedicate these gifts to this Cathedral in remembrance of all who, in the service of their fellow men, pursue their business on the highways of the sea.

The following prayer was said:—
Accept O Lord we beseech Thee these emblems of service and enterprise. Be pleased to receive into Thy protection now and always those who carry them.

Following this there was a psalm of bells from the Cathedral tower. After the hymn, "All people that on earth dwell," the Rev. C. Brown delivered the sermon.

THE SERMON

Taking a verse from Ezekiel, Chapter 27, as his text, the preacher said:—"We are met together this morning in the Cathedral Church of our city and Colony to celebrate a solemn service of prayer and praise and thanksgiving in answer to what I believe is a threefold and most solemn calling. It is first the call to realise that the past and the present and possibly the future of this Colony depends upon the sea. The second is the call of our seafarers who form by no means a small part of the community. The third call is to stretch forth our right hand of fellowship to these seafarers upon whose work our lives so much depends."

Continuing, the preacher said that 130 years ago, Lloyd's, celebrating the jubilee of King George III, had as their central figure of their display a full rigged ship on one side and on the other side were the words in blazing lights, "ships, colony and comets." The latter summarised England's destiny.

The preacher then spoke of the wool trade with Flanders, the wine trade with Burgundy, the voyage of adventurers to new worlds, and the East India Company's voyages to India and China. Trade followed the flag and England's colonial empire was begun.

It was one hundred years ago, he said, since the old John Company gave up the China monopoly and others took it up, and the people to-day owed a great deal to their enterprise.

"We would be graceless and presumptuous if we did not return thanks for the links which join us with home and empire, for the ships and for the sea," said the preacher.

"Sundays," he said, "as many of us know does not see many ships in port but we must surely take these seafarers who are able to be at the service this morning as representative of many who by the requirements of their calling are unable to attend."

SEAFARERS' PROBLEMS

"It is for us to try and interest ourselves in some of the seafarers' problems and difficulties. These men are entrusted with human lives. If they fail in their trust or make an error of judgment, it would mean that their own means of livelihood are temporarily or permanently taken away from them. Their mistakes, cannot be rectified the next day," said the preacher. The consequences, he added, were severe and it was for the landlubber to use his voice so that these men could get a fair deal.

Since the last service, he said, they had read with profound regret of the loss of the s.s. Pekinga with all hands.

Allegations of under-manning had been levelled but as the ship was not under the Red Ensign, no enquiry was held. But the congregation, he felt sure, would be pleased to learn that provision had been made for the dependents of one of the officers.

Referring to the conditions of ships, the preacher said that a writer recently stated that what was termed a slum on land was a palace on sea.

The preacher added that conditions were now improving and at least one anomaly of the shipping act had been overcome. It had recently been decided that for foreign-going vessels there would be two certificated navigating officers in addition to the master for ships between 700 and 2,500 tons and for vessels of heavier tonnage, three certificated navigating officers and a master. He hoped that a similar agreement would be possible in more distant parts of the Empire.

Referring to the master and the mate on a ship, the preacher said that they worked 84 hours on the bridge and they were certainly not getting a square deal. Be that as it may, he said, he would like to seriously impress on all Christian people in this Colony to realise their arduous tasks in their never failing endeavours to provide safety for those travelling in their ships.

Referring to the Missions to Seamen, the preacher said that a considerable amount of money was needed for its upkeep and said that it deserved the fullest support from the public.

After the hymn, "Eternal Father, strong to save," the service concluded with a prayer and the blessing pronounced by the Rev. Mr. Barnes.

ITALO-GERMAN CONCORD

Results Of Count Ciano's Visit

EMPIRE OF ETHIOPIA RECOGNISED

Munich, October 25.

Count Ciano, the Italian Foreign Minister received the Munich press on Sunday morning at the Hotel "Vier Jahreszeiten" for the purpose of making a statement about his deliberations in Berlin and Berchtesgaden.

Ciano recalled the fact that during the last few days he had had a thoroughly exhaustive exchange of views both with the Fuehrer at Berchtesgaden and with Baron von Neurath at Berlin. This mutual exchange of views had emphasised the determination of both Governments to jointly serve the general cause of peace and European reconstruction.

Ciano continued: "As is known, both the German and the Italian Governments have answered the British Memorandum, and both countries have emphasised their determination to collaborate in the work of strengthening the foundations of safety, which could be furthered by the arrangement of a guarantee pact of the western powers."

We examined also with Baron von Neurath the various aspects of the League of Nations problem. Our two Governments will continue to remain in close and friendly touch, as in the past. As for the position in the Danube region, I can say that our examination of the position in the light of the Rome Protocol and the German-Austrian Agreement of July 11th, it could be stated with satisfaction that Austria received benefit by the policy of our two Governments. Both Governments will treat the Danube Problem in the spirit of friendly co-operation.

We have also studied the situation in Spain and confirmed our agreement with each other in the view that the National Government of General Franco has behind it the firm support of the Spanish people in the region where he has succeeded in restoring order and civil discipline in contrast to the Anarchist conditions which previously prevailed there. It is superfluous to state that we were united in the desire to see Spain, in its entire integrity—with international and colonial possessions—once more restored to order, that it might again take the place due to it in the life of the nation.

As to the grave danger threatening the social structure of Europe, the Fuehrer, Baron von Neurath and I have again confirmed the determination both of the German and the Italian peoples to defend with all their might the sacred heritage of European civilisation based on the great institutions of Family and Nationhood. In this spirit Baron von Neurath and I are determined to increase the cultural relationship between our peoples, and immediately after my return to Rome discussions will begin for drawing up an agreement for the exchange of the cultural accomplishments of both peoples.

As was announced on Saturday, the Fuehrer has decided to recognise the Italian Empire of Ethiopia.

I need not tell you with what great satisfaction this decision was received. This was also made the occasion to regulate the German-Italian economic relations, and the various questions were settled with mutual satisfaction. All these points have been summarised in a protocol drafted at the conclusion of our discussions.

I return to Italy with the feeling of sincere admiration with everything I have been able to see in Germany. The first and foremost of these feelings are devoted to the Fuehrer to whom I convey the greetings of the Duce and Fascist Italy."

ETHIOPIAN EMPIRE

Rome, Oct. 25. The recognition of the Italian Empire of Ethiopia by Germany was prominently featured by the press here, which considers the German step an event of great moral and political significance.

The "Giornale d'Italia" writes: "The political relations between Germany and Italy are strengthened and raised upon a higher level since the recognition disposes of any possibility of mutual doubt or antagonism, even if merely of formal character. Germany's colonial aspirations have Italy's full sympathy."

FRIEND RELATIONSHIP

Munich, Oct. 25.

The spontaneity, cordiality and sincerity of the welcome accorded the Italian Foreign Minister, Count Ciano, on the occasion of his visit to the "Capital of the Movement" was an overwhelming proof of the heartfelt sympathy of the rank and file of the German people for the friendly Italian nation. Earlier in the day Count Ciano had visited the Fuehrer at Obersalzberg.

After having been greeted by an enthusiastic crowd at the station, Count Ciano left by carriage, which he stopped at the Koenigsplatz to deposit a wreath at the monument dedicated to the first to fall for the National Socialist Movement on November 9th, 1923. Count Ciano then visited the Bygon House, the headquarters of the Party, and next paid tribute to the Germans who fell in the war by depositing a wreath at the War Memorial.

"BRAVE HEARTS"

Bologne, Oct. 25.

"The olive branch borne in my hand grew into 8 million bayonets, in the hands of young men with brave hearts," declared Mussolini in an address surveying the European political situation, thus declaring that Italy's desire for the peace of Europe was not inconsistent with a state of preparedness for all eventualities.

"At a time when the European horizon is dark under the fog of uncertainties, Italy offers the world a wonderful spectacle of union, discipline and the Roman Citizen's virtue. The people who know us only by reading about us are to-day amazed by our state of military, political and economic achievements."

ATMOSPHERE OF CORDIALITY

Munich, Oct. 25.

Authoritative quarters have issued a statement concerning the discussions that took place on the occasion of the Italian Foreign Minister, Count Ciano's visit to Germany.

It is stated that the discussions with Count Ciano on the one hand and the Fuehrer and other prominent German statesmen on the other, dealt with all questions of political, social and economic importance. The deliberations took place in an atmosphere of friendly cordiality.

Both sides felt an intense satisfaction that the discussions revealed agreement in all matters, and both Governments intend and desire to work in agreement for world peace and the rebuilding of normal life of the peoples. The two Governments have decided to remain in touch with each other in order to carry these resolutions into effect.

Transoceanic News Service.

Rome, Oct. 25. The agreement between Germany and Italy on the most major European problems will be announced to-morrow to "Gazetta," writing in the Giornale d'Italia. Germany's recognition of the annexation of Abyssinia was a prelude to this agreement which include Locarno and European reconstruction, also the League, Spain, Danubian Valley, economic relations and communism.

It is believed that the agreement already reached is that Italy back Germany's colonial demands although this may not be announced to-morrow.

POLICE DISCOVER ARMS DEPOT

Raid On Avignon Bar

Paris, Oct. 25.

A widespread organisation for the clandestine shipment of arms to the Spanish Government was reported to have been discovered at Avignon during a Police raid on a local bar. The search followed the receipt by the judicial authorities of an anonymous letter. The astonishing collection of arms allegedly found included German Mausers, Swedish sub-machine guns, French revolvers, machine guns and cartridges.

The premises were apparently used as a depot for arms collected in various parts of France and abroad by Extreme Left organisation for despatch to Spain via Marseilles.

BRITISH NOTE CIRCULATED

Charges Against Russia And Italy

London, Oct. 24.

Three charges against Soviet Russia and one against Italy of infringement of non-intervention pact was contained in a British note circulated among members of the Non-Intervention Committee late last night, the contents of which has just been revealed.

The first charge against the Soviets is that the Bolshevik steamer Stahl, allegedly landed at Carthage on October 18 eighteen planes in parts, fifteen tanks and over 300 cases of bombs and other ammunition. Secondly, the Spanish steamer Campeche allegedly landed at Carthage about a fortnight ago a number of guns, trench mortars, rifles and other ammunition, all being of Soviet origin. The third charge alleged that the Soviet steamer Chuschev landed at Alicante on October 19 eight-five military lorries of Soviet origin, equipped with tyres of Russian manufacture.

The charge against Italy is that three Italian planes allegedly landed at Palma on October 1 while an Italian ship allegedly unloaded cases of armaments and munitions there at about this date.

Reuter.

pointed out that Italy and Germany had already answered the British note by affirming their desire to co-operate to conclude the guarantee pact in western Europe. Secondly, it was decided to maintain close and friendly Italian and German contact regarding the League of Nations problem. Thirdly, Italy and Germany have also decided for close co-operation regarding the Danube and in the meantime have noted to their mutual satisfaction, the practical and positive results in favour of Austria which has already occurred. Fourthly, it was agreed that Franco's Government was supported by the Spanish population in the greatest part of Spanish territory and that Franco has succeeded in restoring order in contrast to the previous anarchy and at the same time confirmed the principle of non-intervention and maintenance of all international obligations. Ciano affirmed that Italy and Germany only wish to see Spain speedily reoccupy her deservedly great position with complete national and colonial integrity.

Fifthly, with regards to the Bolshevik menace, Italy and Germany have resolved to concentrate all powers to defend the sacred characteristics of European civilisation and an agreement for Italo-German cultural exchanges will be drawn up shortly.

Sixthly, Italo-German commercial activities in Abyssinia have been regulated and the remaining difficulties will be mutually arranged.

Rome, Oct. 25. A communiqué, showing a broad ground of Count Ciano's discussions with Germany, states that the conversations were conducted in an atmosphere of cordial and friendliness, the concordance views including proposals that the two governments should develop a policy of peace and reconstruction and decided to keep in touch with each other with this end in view.

RELATIONS SEVERED

Portuguese Note: Right To Publish

Lisbon, Oct. 24.

The Portuguese Government announced that it has severed diplomatic relations with the Spanish Government to whom it has sent a note, giving its reasons, which reserves the right to publish at an opportune moment.

Reuter.

Paris, Oct. 25.

The decision of Portugal to break off relations with the Spanish Government, which was announced early this morning, has created a profound stir in diplomatic circles here. While it is the view that there may be possible international repercussions, the greatest reluctance is being observed and it is expected that Portugal, Italy and Germany will shortly recognise the insurgent Government in Spain in which case they would argue that there is nothing to prevent them from delivering war material to the "legal" Government.

Likewise, since the Soviet and France continue to recognise the Madrid Government as legal, there would be no legal bar to their delivering to it arms and munitions.

Reuter's Bulletin Service.

Lisbon: Portugal has broken off diplomatic relations with the Madrid Government, according to an official communiqué issued here, which states that the Portuguese Foreign Minister addressed to-day a Note to the Spanish Ambassador in Lisbon informing him that for reasons set forth in the Note the Portuguese Government is compelled to cease entertaining diplomatic relations with Madrid.

The communiqué goes on to say that the Portuguese Charge d'Affairs in Alicante has been telegraphically instructed to withdraw from Lisbon and to go immediately on board a Portuguese warship anchored in that port and return home.

In conclusion the communiqué states that Portugal will publish the text of the Note sent to the Spanish Government as soon as the Portuguese Government considers it proper to do so.

ANOTHER RAY OF HOPE

Madrid's New Defender

Madrid, Oct. 25.

The greatest satisfaction is felt by political circles of the Soviet's decision and they hope that their ability to buy arms from Russia will rapidly change the situation.

No attempt is now being made to disguise the gravity of the city's plight but the appointment of General Pozas as Supreme Chief of the Government forces has brought another ray of hope to the inhabitants as it is recalled that General Pozas was instrumental in saving the capital in the early days of the revolt.

The Government militia is now properly organised from a military point of view and the expected handicap caused through lack of war materials will shortly be overcome.

FRANCO GIVES TROOPS A REST

Aerial Activity Is Continued

London, Oct. 25.

General Franco called a halt to the insurgent advance on Madrid in order to give his troops a rest, according to a message received from Spain, but aerial activity is being continued by insurgent planes bombing Government positions with the object of shaking the defenders' morale and destroying Government entrenchments.

The insurgents claim they have broken the Government's second line of defence at Mostoles, 20 miles from Madrid.

REXIST LEADER ARRESTED

"Government From The Streets"

Brussels, Oct. 25.

The Police arrested Louis Degrelle, leader of the Rexists, this morning on the occasion of a march past of veterans before King Leopold.

LOUIS DEGRELLE

The Rexists, recently emboldened by a large influx of membership, planned a gigantic rally in a private park in the outskirts of Brussels, and persisted in their intentions notwithstanding the fact that the Government had banned the meeting.

During the friction which occurred in this morning's march past, during which the authorities took the most elaborate policing precautions, young Rexists waved emblems while ex-Servicemen abandoned the traditional silent salute, cheered and shouted, "Vive Roi!"

The country is anxiously watching the test of strength between the Government and the Fascists and M. Degrelle, it is asserted, intends to gain the ends of the constitutional means, but the Premier retorted that Belgium would never tolerate a government from the streets.

BULGARIAN ELECTIONS POSTPONED

International Situation Compels Action

Sofia, Oct. 25.

In accordance with general expectations, the Bulgarian Government announced on Saturday that general elections would be postponed until a more favourable time for the occasion. This communication was made to the Press on Saturday afternoon by the Premier at the close of a Council of Ministers lasting four hours. The declaration stated that a series of unforeseen circumstances had compelled Government to take this course, for instance the present very precarious international situation. No definite indication was given as to the probable date at which the next election will be held.

MEANING OF SOVIET LETTER

Lord Plymouth At A Loss

London, Oct. 25.

As the result of strong pressure by other members at this morning's meeting of the Non-Intervention Committee, Mr. Malsky has undertaken to ask the Soviet Government further elucidation of yesterday's letter. The specific question, to which the Committee understood a desire for reply, is "does the Soviet still consider itself bound by the Non-Intervention agreement on the same terms as the other parties thereto?"

Lord Plymouth opened this morning's discussion by stating that he was at a loss to understand the meaning of the Soviet letter. Signor Grandi followed by pointing out the Soviet, without awaiting the findings of the Committee in accordance with the Committee members' own rule, had itself decided and stated, as a matter of fact, that other countries had violated the agreement.

Signor Grandi declined to admit in discussion the charges against Italy until it was known whether Mr. Malsky was still bound by the Non-Intervention agreement or was merely as an observer and added that Italy would not tolerate the presence of a Soviet observer.

Prince Bismark and M. Corbin both urged for the clarification of the Soviet letter. When the Committee came to consider the increasing effectiveness of the Non-Intervention agreement, M. Malsky reiterated the Soviet suggestion for the control of Portuguese ports by British and French fleets but the Committee opined the proposal as impracticable. Lord Plymouth informally suggested that the Commission's enquiry should be sent to Spanish ports but no decision was taken on this point.

Soviet And Non-Intervention

Moscow, Oct. 23.

The semi-official Soviet Russian news agency, "Tass," announces on Friday that the Soviet Russian representative on the Non-Intervention Committee—the London Soviet Ambassador Malsky—handed to the chairman of the Committee, Lord Plymouth, a declaration closing with the words:

"Since the Soviet Russian Government is not any longer disposed to accept the responsibility for the situation arising through the unjust treatment of the constitutional Spanish Government, it now sees itself compelled, in accordance with its declaration of October 7—to announce that it no longer feels itself bound by the Non-Intervention Agreement."

Herriot Makes Stirring Appeal

CO-OPERATION WITH REDS QUESTIONED

Barritz, Oct. 25.

A decision vital to the life of Blum's government is being hotly debated by Radical Socialists at a meeting in congress here. The question centres round the continued co-operation with Communists and the situation is considerably darkened for Blum by the attitude adopted by the Soviets yesterday regarding non-intervention.

The conference was influenced yesterday by a stirring appeal by Herriot for continued co-operation but the news of the Soviet decision almost nullified this and the co-operation by Radical Socialists in maintaining the Government is now in graver doubt than it has ever been.

Later. The Radical Socialist congress gave unanimous support to members of the Party holding office in the Blum Popular Front. Thus it is unlikely that France will be faced by any political crisis until after the budget is dealt with.

ISOLATION UNFAIR AND IMPOSSIBLE

Landon On Foreign Affairs

Indianapolis, Oct. 25.

"Isolation is unfair to our own people and impossible," declared Governor Landon in a speech on foreign affairs, contrasting policies of neutrality and isolation, and said that in this modern world no nation could be isolated. Neutrality could not be an absolute guarantee for peace but, nevertheless, he believed it held out one of many great hopes. Specific pledges not to go to war under any condition risked the belligerents to attempt aggression which would, in fact, precipitate the United States to war. In view of America's enormous potential strength during 1917/18, he believed that in the future nations would be reluctant to violate any neutral rights on which they insisted.

Governor Landon had previously pledged himself to encourage within all his power the cause for peace and to do everything to prevent the tragedy of war touching the United States. In foreign affairs he proposed not to be a talkative man but proposed to appoint for Secretary of State a competent man grounded in sound American principles.

A devoted competent and courageous foreign service was one of the first insurance policies they must take against war. The greatest service the United States could render for the doing away of war was to encourage every honourable means within their power, except by use of armed force, in the arbitration of international disputes.

Referring to the inability of the United States to use the World Court because of non-membership, Landon said that some judges of the Court now represented that dictatorships are not democratic governments. It was always difficult to keep political influences out of court. It was impossible now. The United States could not be involved in a political court.

A warning against the return of the "Philosophy Boom Era"—individualism Run Wild, was uttered by President Franklin D. Roosevelt, broadcasting to businessmen's gatherings throughout the country. The President added that as prosperity has returned, the country must never again become committed to this outlook and it is false to premise that the Government should always get ready to put against the legs of high finance.

"We are resolved to keep politics out of business but at the same time, we must ask business to refrain from coercion in politics," said the speaker.

WEEK-END FOOTBALL

Low Scores In Senior Games

D. KNOX SHINES IN LAI WAH CUP

The scores of football encounters in the First Division during the week-end were kept low in all games but the surprise came from the St. Joseph's who scored a 1-0 victory over the Rifles and gave them their first defeat since the League commenced. Although the Police played a better brand of football, they suffered defeat at the hands of the Recreio eleven whose inside forwards proved tricky in their attacking tactics.

The Lai Wah games played yesterday drew crowds of spectators to witness them and perhaps the more interesting of the two was the match between the Chinese and the Army which ended by the close score of 4 goals to 3. In the other encounter D. Knox shone brilliantly for the Civilians, scoring their four goals by himself, while the Navy side only managed to put the ball past the opposing custodian once.

HAT TRICK BY KNOX

Lai Wah Match Ends 4-1 For Civilians

An exciting football match was played yesterday afternoon, at the Kowloon Football Club when the Civilians beat the Navy in the first round of the Lai Wah Cup competition by four goals to one. D. Knox was the outstanding player for the "Civies," securing all four goals. The opening score was from a well timed pass from Wilson and was equalised by Cannon of the Navy.

The Navy's combination broke down towards the last fifteen minutes of the game, and thus allowed the Civilians to get the upper hand which resulted in Knox performing a "hat-trick."

A slight alteration was made in the Civilians' team when Furrow of the Hong Kong Club played in place of A. S. Bliss.

LEONARD SCORES FOR SAINTS

A fine exhibition of defensive play in the second half of their Senior Division soccer encounter against the Rifles at Happy Valley on Saturday. The Saints scored the only goal in the match 20 minutes after the kick-off when Leonard cleverly tricked Pickering after taking Ward's pass and sent in a curling shot well out of the reach of the opponents' custodian.

Costa was prominent in the Saints' defence and made every use of his advantage in height to intercept and clear the ball during the attacks. Souza proved a stumbling block to the advances of Ferguson and Doherty, while Marques gave a courageous display between the sticks.

The Rifles lacked the finishing touches in their attacks and showed themselves weak and faulty in their shooting. Killen proved a poor substitute for Hartigan and the inside trio were very inept. Ferguson was always well covered and Campbell was slow in parting with the ball. However, the pick of the Rifles' attack was Erwin although he attempted to score by himself when his colleagues were better placed.

A chance by the Rifles to equalise the score was lost when Marques brilliantly saved Steven's shot from a penalty kick when two minutes from time.

St. Joseph's: Marques; Souza, Costa, Omar, Hussain, Elms, Castilho, Ward, Leonard, Delgado and Fernandez.

Rifles: Connor; Pickering, Stevens, McConigal, Moore, Miller, Erwin, Campbell, Ferguson, Doherty and Killen.

FUSILIERS TOO STRONG FOR NAVY

Patchy play featured throughout the Senior Division clash between the Navy and the Fusiliers at Causeway Bay on Saturday when the latter came off winners by 4 goals to 2.

The Navy forwards lacked cohesion and many of their efforts either hit the wrong side of the upright or were snatched from them by Rowlands. The visitors proved too strong for the Navy, perhaps due to the fact that the latter have not had many games together.

As a result of treating the opposition too lightly in the first half of the game, the Fusiliers found themselves sharing two goals with them at the interval. The soldiers increased their pace in the second half but were inclined to rest on their laurels once they had the lead.

The opening score was netted by the Navy when Baxter cut in and put the ball past the Fusiliers' custodian. It was not until ten

CHINESE TOO STRONG FOR ARMY

Chinese Combination Perfect

"Cup-Tie" spirit prevailed in the Lai Wah Cup match between the Chinese and the Army at Sookunpoo yesterday afternoon which resulted in a win for the former by four goals to three.

Although playing without such stalwarts as Lee Wai Tong, Fung King Cheung and Shiu Ah Fal, the Chinese just managed to beat the strong representative Army side.

The combination of the Chinese forward line was perfect, their passing being too far superior for the Army backs to stop Chan Tak-fai and Henry Young from scoring, the former netting three times.

minutes before the half-time whistle that the score was evened. Evans gathered a pass from the right and shot first-time for goal. The ball bounced from the goalie's hands and the centre-forward headed the ball in.

The second half opened with dull play but after Hughes had forced a lead for the Fusiliers, following a nice solo movement by Evans, the Navy had an irresistible period. Soon afterwards Evans tricked Wolverston with a rising shot.

The Navy launched an attack ten minutes from the final whistle which resulted in Cannon scoring for them but this goal was disputed by the opponents. The referee, however, ruled that the ball had passed beyond the line whilst still in the hands of Rowlands.

Ding-dong play followed until two minutes from time when the Fusiliers were awarded a penalty for alleged hands by a Navy defender. Longley stopped the ball but could not prevent it rolling from his hands into the net.

POLICE WASTE EFFORTS

The combination of Beltrao, Campos and Gomes and their skilful tactics was responsible for the three goals scored by the Recreio in their First Division encounter with the Police at King's Park on Saturday. Although the losers adapted themselves extraordinarily well and played an open game which extended their opponents to the utmost, the weak Police side went down by the score of 3 goals to 2.

The mainstay of the Recreio's defence was A. Y. Gosano who was supported well from the rear by C. Marques.

The Police combined well in the forward line, Morrison and Willerton particularly distinguishing themselves, but several magnificent efforts were wasted by them due to weak finishing.

The Police proved to be the superior side in the first half and were unfortunate in having two goals during that period disallowed for offside.

Soon after resumption of play Beltrao found himself in a commanding position before the Police goal and, although he shot weakly, the ball rolled past McHardy.

LOCAL RUGBY

Army Defeat Club

The Army first fifteen gained a splendid victory over the Club in their friendly rugby game on Saturday, the Army winning by a goal and four tries (17 points) to a penalty goal (3 points) after the scores had been level at the interval.

The Club started off in an impressive manner and held the Army up to the interval, but the second half saw an almost fresh Army pack run the Club forwards off their feet. Lieut. Lincoln being the outstanding player on view—he scored two very good tries through following up.

CLUB JUNIORS ROUTED
The second fifteen game which preceded the major match of the afternoon saw H.M.S. Medway trounce the Club, who played with 14 men throughout (G. S. Wilson leaving after a few minutes' play with a twisted ankle) by three goals and four tries (27 points) to a try (3 points).

NAVY TROUNCES PRESS

Press Fielders Kept Busy

A friendly cricket match between the Navy and the Press at the Navy ground, King's Park, was a feature of yesterday's sports fixtures. The "Gentlemen of the Press" put up poor resistance against the Navy side who scored brilliantly and kept the Press fielders busy running after the leather. E. C. Fincher was the only two-figure scorer for the Press side, knocking up 34 runs before he was bowled out.

The score was as follows:—
Press: 64 for 10 (E. C. Fincher 34).

Navy: 206 for 7 (Eng.-Com. Davis 54, Lt. Davis 40, Lt. Cochrane 37).

INTER-SECTION HOCKEY

The re-play between K.I.T.C. and Argonauts in the Inter-Section hockey tournament will be played off either on Tuesday the 22nd, or Thursday 25th inst. on a ground to be decided later of which you will be advised.

It is hoped to hold the Final on Sunday, Nov. 1.

Inspired by this initial goal Recreio launched another attack and Beltrao increased the lead with a fine left drive. The Police then retaliated and during their onslaught Willerton found the net to open their score.

A miskick by Blackbourne in his own goal area soon afterwards proved disastrous when Gomes ran in and had little difficulty in putting the ball past the Police custodian. After repeated attacks on the Recreio goal the Police lessened the Recreio lead when, during a scrimmage, Willerton again scored for them.

Recreio:—R. Marques; C. Marques, J. L. Alves; Fernandez, A. Gosano, V. Marques; Aquino, N. Beltrao, Campos, Gomes and A. Alves.

Police:—McHardy; Blackbourne, Brittain; North, Gough, Parker; Pile, Morrison, Willerton, Green and Brooks.

SOLDIERS WIN

The first division game at Chatham Road, where the Eastern were entertained by the East Lancs, provided a thrilling match. The East Lancs won by the odd goal in three.

Both sides had their misfortunes throughout the game. The soldiers had only themselves to blame for not scoring more goals as they had the a strong wind in their favour.

KOWLOON WIN

A very keen game was witnessed on the Kowloon ground when the Kowloon Football Club met the Chinese Athletic and won by the odd goal in three.

Evans opened the score for Kowloon in the second half. The Athletic retaliated and Minninget gave a good display in goal. Kowloon attacked and D. Knox scored the winning goal from close range.

The only goal that the Athletic scored was from a penalty by Ip Wai-man.

Is Your
THROAT
SORE?

YOUR throat is the 'danger spot' where infection germs enter your system and cause laryngitis, quinsy, influenza, colds and similar troubles. You can soon cure a sore throat and avoid complications by sucking Peps tablets every now and again. Peps are pleasant to taste, yet wonderfully pain-soothing. They give off powerful healing vapours which circulate through the breathing tubes and lungs. Peps overcome harmful germs, and soothe and keep you free from coughs, colds and chills. They are far more lasting and much handier than gargles.

To preserve the rich, breathable oils which Peps contain, every tablet is wrapped in silver paper. They are packed in sealed glass bottles, along with full directions printed on leading language.

CONGRATULATIONS
to every man and
woman {whose teeth are still perfect

{whose hair is still healthy
{whose nerves are still steady
{whose vitality is still buoyant

They've escaped the most common complaint of civilised people—a shortage of minerals in the body. Teeth were meant to last a lifetime, hair to retain its colour and luxuriance, and the heart and nervous system should give carefree service for 'three-score years and ten'.

But teeth, hair, nerves and muscles depend for well-being on the millions of cells of which the body is made up. These cells must have plenty of minerals to keep them strong; any shortage weakens them and you soon feel the effect in every organ of your body. Kalzana supplies the body with all the minerals it requires, in an easily absorbed form. Therefore, the effects of Kalzana are quickly felt in increased vitality, better appetite, soothed nerves. Soon the whole system is toned up. The teeth regain strength and hardness and decay is arrested. Radiant health returns—to stay. Start taking Kalzana without delay—give it to your children too.

"I am never without Kalzana, not taking them always, but at any time of extra strain, and when there are infections about. I find my resistance to disease and my general health marvellous."

"At Home"

PRIZES PRESENTED

Nearly 150 people attended the "At Home" given by the Kowloon Indian Tennis Club on Saturday afternoon when occasion was taken to present tennis prizes won in Club tournaments and the "C" Division Hong Kong Tennis League shield which was won by the K.I.T.C. for the first time since the inception of the trophy.

Members and guests witnessed the final of the Club singles tennis championship played between S.A. Hussain and Firdos Khan (holder). Khan won in four sets, the scores in his favour reading, 4-6, 6-4, 6-3, 8-6. At certain states of the game it was a dour struggle with some splendid long rallies. Khan won mainly by his steadiness. Hussain had an attack of cramp after the third set but gamely fought on to the end.

A singles exhibition between the versatile cousins, S.A. Rumjahn, former Colony tiltist, and H.D. Rumjahn, brought forth rounds of applause from delighted spectators. S.A. won the first set at 7-5 after H.D. had led 4-3. The second set was abandoned owing to falling light with S.A. leading 4-3. Both Rumjahns played very well. S.A. especially bringing off many wonderful returns both forehand and backhand.

The band of the 1/8 Punjab Regiment, by kind permission of Lieut-Col. J.C. Brewer, M.C. and officers, rendered pleasing selections during the afternoon.

Tea was served and later the prizes were distributed by Mrs. H. Pritam Vaswani, wife of Mr. Pritam Vaswani, Vice-President of the Club and President of the Hindu Association. Mrs. Vaswani deputised for Mrs. Mahan Singh, the wife of Mr. Mahan Singh, President of the Club, who was unable to attend, owing to indisposition.

PRESIDENT'S SPEECH

In calling upon Mrs. Vaswani to present the trophies, Mr. Mahan Singh said:—Ladies and gentlemen, on behalf of the K.I.T.C. I welcome you all to this occasion on which we have gathered to celebrate. This is the first time that our Club has won the championship of the "C" Division of the Hong Kong Tennis League. I think I am right in saying that this is the first occasion in the history of this league that any non-Chinese club has won the championship since its inception. We owe this success to our players and they had really tried their best to win the championship. I am not going to detain you with a long speech but I would like on behalf of the Club to thank Lieut-Col. Brewer and officers of the 1/8 Punjab Regiment for the services of their band which has added so much to the success of this occasion. I also thank the Hong Kong Tennis League for granting us \$35 towards the purchase of medals for members of the "C" team and also to Mr. M.A. Khan, our Vice-President for a donation of \$25 towards this fund. I thank the players who have participated in exhibition matches this afternoon and once again I thank you all for your attendance. (Applause).

After presenting the prizes, Mrs. Vaswani was the recipient of a bouquet of flowers from the hands of little Miss Hussain, the daughter of Mr. and Mrs. S.A. Hussain. Cheers for Mrs. Vaswani and for the visitors terminated the happy function.

Among those present were Mr. Mahan Singh, Mr. M.A. Khan, Mr. and Mrs. Pritam Vaswani, Major M.H.A. Campbell, Major and Mrs. R.C.S. Bates, Major Whetton, Capt. and Mrs. G.W. P. Kimm, Capt. D.C. Chopra, Capt. K. Jellani, Lieut. Genders, Mr. and Mrs. Packham, Mr. and Mrs. Besson, Lieut. Lal Khan, Subedar Taj Mohamed, Mr. Y. A. Wahab, Mr. and Mrs. G. Clarke, Messrs. S.S. Mamak, H.S. Mamak, A. T. Barua, S.M. Shroff, Rehmat Khan, Kadar Bux, K.S.A. Pioneer, D.S. Dings, Jahan Dad (Hon. Secretary of the Club), G.M. Khan (Hon. Treasurer), A. Vaswani, Subedar Major Wazir Khan, and many Indian officers of the Punjab Regiment and the H.K.S. R.A.

PRIZE WINNERS

Prize winners were as follows:—Singles Championship:—Winner, Firdos Khan; runner-up, S.A. Hussain; Handicap Singles:—Winners, S.A. Ahmed Khan and G.M. Khan; Handicap Doubles:—Winner, Ahmed Khan and G.M. Khan.

M.C.C. HELD TO DRAW

Hardstaff Injured

Perth, Oct. 24.

The match between the M.C.C. touring team and the Combined Western Australia eleven ended here to-day in a draw.

The Western Australia team were all out for 436 after having taken their overnight total of 293 for 1 to 361 for 5 at lunch. The M.C.C. scored 120 for 4 in their second innings before stumps were drawn.

Hardstaff, who made 30 not out in the second innings, fell flat on his back when jumping for a drive and injured his right ankle but he resumed his innings.

Leslie Ames, whose back is worse, is staying in bed and will be travelling to Melbourne by boat on Tuesday, thus avoiding the long train journey. Wade, the Essex wicket keeper, who is holidaying in Australia, may be brought into the team.

M.C.C.: 497 (R. E. S. Wyatt 27, Hammond 107, Worthington 89, Fishlock 91, G. O. Allen 65, Copson 10 not out; R. A. Hambro 4 for 124) and 120 for 4 (Barnett 37, Worthington 25, Hardstaff 30 not out).

Combined Western Australia: 436 (Badcock 149, Horrocks 128, Copson 4 for 82).

"MARCONI-VICKERS" ISSUES

The Marconi-Vickers Joint Committee, which was appointed in 1928, announce that after long negotiations terms have been agreed with the Government of China for the resumption of the service of the Eight per Cent. 10-Year Treasury Bills of £600,000 ("Marconi" Bills) and the Eight per Cent. 10-Year Treasury Notes of £1,803,200 ("Vickers" Notes) on a modified basis. The terms are as follows:—

(1) Interest to be paid at the rate of 1 1/2 per cent. per annum for the year commencing July 1, 1936, with annual rates increasing by 1/2 per cent. yearly up to 3 per cent. in 1942-43 and 3 per cent. thereafter until the bonds are fully paid. Payments semi-annually on December 31 and June 30.

(2) Principal repayment to begin June 30, 1941, with 1 per cent. per year for the first three years; 2 per cent. for the next four years; 2 1/2 per cent. for the next eight years; 3 per cent. for the next 11 years; and 4 per cent. for the last nine years ending with 1975. Drawings to take place during March of each year beginning in 1941. The Government, to be entitled upon reasonable notice and without premium to increase the amount of principal retired on any payment date.

(3) Payment of interest and principal to be secured on the salt revenue of the Chinese Government subject to payments therefrom in respect of existing loan charges and commitments.

(4) All arrears of interest up to June 30, 1936, to be cancelled.

In their circular the committee state that the terms are a substantial advance on those that were put forward by the Chinese Government in May last, when negotiations were actively renewed. It cannot be too strongly emphasized, state the committee, that the holders of these Bills and Notes are and always have been in a completely defenceless position, having no security and no real means of enforcing their rights. The main feature of the new terms, the committee point out, is that whereas the Bills and Notes were originally unsupported by any specific security, they will in future be a charge upon the revenue from the Salt Gabelle. This the committee consider to be of the first importance, as according to information which has been placed at their disposal by the Chinese Government the margin of income arising from the Salt Gabelle, after provision for all existing commitments thereon, is very substantial indeed.

BEST TERMS OBTAINABLE

The committee remind the holders that the debts represented by these Bills and Notes were contracted by the Government of Peking at a time of great uncertainty in China and when that Government was not considered to be fully representative and was approaching its fall. They are satisfied that the terms are the best obtainable under present conditions in China, and believe the Chinese Government are not actuated by a desire to escape their full legal obligations, but are governed by the practical consideration of "capacity to pay." The committee, therefore, while they in no way bind individual holders, are strongly of the view that it is in the interest of all the holders to accept these terms.

The committee feel sure that the holders would not wish the services of those who have assisted in China to go unrecognized, and it is suggested that their remuneration should be fixed at 5 per cent. of the Bills or Notes. As regards the committee themselves, the suggestion is that their remuneration should be 1 per cent. of the Bills or Notes (to be apportioned among them at the discretion of Sir Maurice Jenks, as chairman), making the total charge, 6 per cent., which will include all expenses incurred by the committee on this side and their agents on the other. Assuming that a conservative value to place upon the Bills and Notes now that these terms are settled is £33 1/2 per £100, then 6 per cent. on Bills or Notes is the equivalent of £2 1/2 per cent. in cash.

Many holders have subscribed 100 per cent. in cash to provide a fund for the out-of-pocket expenses of the committee, incurred during the negotiations, but that does not apply to all holders, partly for the reason that it has

FURTHER ADVANCE OF COPPER

London, Oct. 23.

The sustained strength of copper, which to-day advanced a further five shillings to 42 1/2/6, is giving rise in metal circles to talk of yet another increase in production in the near future.

"Whilst fully recognizing the fact that the two recent increases have not yet been fully assimilated by the market, well-informed quarters point out that the consuming demand is at present running at a pace which more than absorbs the present production.

Furthermore, expanding sales in America this week induce the belief that the domestic price will be raised to ten cents shortly, despite the opposition of the largest low-cost producers.

been impossible to communicate with them. The committee feel that those who have not made any contribution at all up to now would not expect to enjoy the same benefit as those who have, without equalizing their contribution. Therefore it is suggested:—

(a) That the basis of the whole contribution by the holders should be 6 per cent. in Bills or Notes, or 2 1/2 per cent. in cash, as can be best arranged to meet the wishes of the holders. (b) That those who have already contributed 100 per cent. in cash shall only be asked to contribute a further 30s. in cash or 4 1/2 per cent. in Bills or Notes.

Five of the most important holders of the Bills and Notes who were brought into conference by the committee have approved not only the terms of the settlement itself but also the proposed remuneration.

It is anticipated that in the course of a few weeks instructions will be issued to holders with regard to the lodgment of Bills and Notes for the purpose of having the new terms endorsed thereon and the new coupons attached thereto; and at the same time holders will be asked to intimate their approval of the proposed remuneration and to indicate whether the settlement thereof shall be in the form of a surrender of Bills or Notes or payment in cash.

Holders of the Bills or Notes who have not received a copy of the circular are invited to communicate with the secretary of the Joint Committee, 6, Old Jewry, London, E.C.2.

TRADE EXHIBITION IN LONDON
Sir Harry McGowan On The Future

London, Oct. 23.

In opening the Trade Exhibition in London to-day, Sir Harry McGowan, Chairman of the Imperial Chemical Industries, said: "Much can be accomplished by the Government in easing the way of trade across the world's frontiers. High tariffs quotas and exchange restrictions have operated for years against the recovery of International Trade but within the last few weeks currents have been set moving in the financial and economic life of the world which may well mark the beginning of a new era as well as new hope in Europe and the rest of the world. The solid front of America, France and Great Britain in successfully negotiating exchange arrangements is one of the most constructive moves made since the war. The promise for the future in consequence of this arrangement is profoundly significant. With letters of quotas, tariffs and exchange controls removed we shall see a new impetus given to free exchange of goods internationally. The busy world is a peaceful world."

HUMAN OSTRICH

A peasant with a passion for accepting wagers, that he would swallow bills of metal, has been operated upon in a Trieste hospital, and had a fearsome assortment of ironmongery removed from his inside. The report would be incredible were it not for the doctors' assurances.

Thirteen small keys, one front door key, one screw, one sardine tin opener, three cigarette holders, one small spoon, five fountain pen caps, 13 pieces of pencil, two metal pencils, four small penknives, a safety razor handle, two needles, a piece of glass, four two-lire pieces, one half-lira piece, and a watch chain were taken out of the man.

When the patient recovered consciousness after the operation, he asked if the eight and a half lire had been found. On hearing that the money was once more available, he exclaimed, "Then buy wine and let us drink to the health of the doctors who have opened my safe."

QUEEN MARY AS COLLECTOR

Wide Interests

VISIT TO ANTIQUE DEALERS' FAIR

A private visit has been paid by Queen Mary to the Antique Dealers' Fair and Exhibition at Grosvenor House, states "The Times."

With the eye of the connoisseur she made careful scrutiny of the many fine art objects displayed, and frequently surprised the committee by her wide knowledge and her remarkable memory in recalling pieces which she last saw perhaps a decade ago.

It is undoubtedly due to the Queen's genuine interest in antiquities and sympathy with such exhibitions that this and those that have preceded it have proved so successful.

INTERESTS ARE WIDE

Possessed of a natural taste for the beautiful and that enviable sixth sense or flair which makes her judgment one to be respected, her Majesty's interests are wide, and in the pursuit of her hobby she displays as much keenness when making a find as the humblest of the King's subjects, and is as pleased to spend an hour in a modest little shop in "The Lanes" at Brighton as

in one of the great establishments in the neighbourhood of St. James's.

Those fortunate enough to visit Buckingham Palace and Windsor Castle will find evidence enough of the Queen's unfailing taste and judgment in rearranging the Royal art treasures and eliminating those which do not pass her critical discrimination.

Like all collectors, the Queen has her preferences. Chinese jade being perhaps one of her chief interests. During the past 20 years she has brought together a collection of unusual interest and containing numerous examples of remarkable quality. She has, in fact, a knowledge of jade equal to that of many experts, and has only got this collection together by much careful selection.

ORIENTAL CRAFTSMANSHIP
The many activities of the Oriental craftsman have for her a lasting appeal, and in addition to some of the jade she has some fine examples of both champlevé and cloisonné enamelling, a collection notable both for its comprehensiveness and the high standard of quality, characteristic pieces of lacquer and many fine ivories.

In pictures, the Queen perhaps has a preference for flower and garden subjects, though her wide knowledge and accurate judgment of eighteenth-century portraiture has frequently caused surprise.

THE SHARE MARKET

Harriman's Weekly Review

Saturday, Oct. 24
Messrs. G. A. Harriman & Co.'s weekly share report and market review issued at noon to-day states:—

Brighter markets have been the order during the week under review and an improving tendency in Manila mining shares has stimulated interest once again, so that it seems not unduly optimistic to expect renewed activity in local shares after the settlement on Tuesday next. The political situation up North is apparently easier, and reports from Canton show that general business in that city is active, so a revival of genuine buying-enquiry in our local market should not be long delayed. Hong Kong utility stocks are not much changed over the week, but the closing tone is distinctly firmer. Electricities close at \$53; buyers after transactions at this price. China Lights (old) have firmed up to \$14.60 cash and \$15 December. Trams eased to \$11.50 bid after dealing at \$11.75 close \$12 buyers. Telephones (old) can be taken at \$29 and the new shares near \$10.50. Yau-mat Ferry exchanged at \$23.00, but Star Ferries with no business reported are nominally quoted \$93 middle. Sandakan Lights are wanted at \$8.30 or offer. Wharves are \$113, and Providents (old) have moved between \$2.15 and \$2.25, with buyers in between. Steamboats improved sharply to \$6 buyers. Hong Kong Lands have sellers at \$40 and Realtys at \$5.70, after sales at \$5.50. Hotels remained very steady throughout the week around \$6, but on the eve of Settlement there are keen buyers at \$6.30 cash and \$6.40 November, which augurs well for further improvement after the Settlement. It should be noted that this stock is still more than \$1 under its par value of \$7. Cements after a quiet spell are now wanted at \$11.75. Ropes are on offer at \$3.85. Dairies have buyers at \$22.25 and Watsons seller around \$4.75.

PHILIPPINE MINING SHARES.

Big Wedge were popular on a reported pour of P80,000 for the first 15 days of October and dealings took place up to 93 cents. Atoks, also were again in enquiry at \$1.15. Mambuloos were a feature early in the week, coming into sudden demand and carried by keen bidding up to 98 cents. They close easier at 91 cents middle. The Demonstration mine is doing well this month and the shares are higher at \$1.75, after a large turnover between \$1.70 and \$1.80. Antamoks, San Mauricos, and Itogons remain much about the same levels as they were this time last week. Mineral Resources and Universal Explorations experienced a sharp rise, the former touching 92 cents and the latter 73 cents. Para-Gumaua fluctuated between \$1.48/1.53. Paracale Gold and Gumaua Gold were in good demand with sales reported as high as 91 cents and 69 cents respectively. Soyocs came to business at \$1.17 closing steady at this figure.

The tone of the market at the close is very firm in all sections and with still no sign of any liquidation for Settlement Account, and with the continuity of 'aggressive buying' we have witnessed the past few days coupled with increasing confidence in the future 'regime' the time appears ripe for a further advance in values.

rair in the catalogue of the Lady Lever Art Gallery at Port Sunlight. Catalogued as a portrait of Princess Sophia, and passed by some of the greatest art authorities, it remained for the Queen to prove that it was a portrait of Anne Luttrell, Duchess of Cumberland.

Though one of the keenest visitors to the antique shops of London and the provinces the Queen always desires to have the same reception as an ordinary visitor and is strongly averse from such visits in any way affecting the ordinary course of business.

A frequent visitor to our museums, she is among the London Museum's most generous donors, while her gifts of objects of local interest to provincial museums are well known.

New acquisitions seldom escape her eye. Some years ago few visitors to the London Museum noticed a bronze jar of almost unique interest which had been recently dug up out of the soil of the City. The majority of visitors passed it without a glance, but it at once aroused the Queen's intensest interest,
